### BASIC RULES

Main objective of the game is to have greater score than the dealer at the end of each round while score must not exceed total of 21. In case score is greater than 21 at any point this will result with 'bust' and round will be lost. In case score is exactly 21 this will result with 'Blackjack'. If dealer's score is also 21 round will end in a tie. Otherwise player will win the round.
